Why Deering Rakes Are Popular
HERE are points you want in a good rake: Your rake frame must be strong and solidly built. The wheels must stand the torsional strains they will meet in the field. The rake must get all the hay. The dumping arrangement must work easily and quickly and be handled easily. The rake teeth must be strong and resilient to work without breakage.
Every one of these points is found on the Deering rake. Deering rake owners save trouble and temper. Ask any one of them.
Made in sizes 6 1/2 feet to 12 feet. Buy a Deering self-dump rake and get with it good rake service for years.

If he lives until November 26th he will be 94 years old, so it is quite a pleasure for any of his grandchildren to have him visit them. Those being present were Mr. and Mrs. J. M. Sanders, Mr. John and A. T. Sanders, Miss Peachie Mae Sanders and Mr. and Mrs. James L. Sanders.

HUNDREDS OF TOTS LISTED FOR BABY PAGEANT AT STATE FAIR

—Photo from the Chuck Studio, Louisville, Ky.

There is no feature of the Kentucky State Fair in which spectators exhibit a deeper interest than the charming and spectacular "Baby Pageant," which is the Babies' Health Contest on Friday afternoon of Fair week. This pageant each year is entirely different in type and is kept as a surprise to State Fair visitors until the hour announced for its presentation on Friday. They are designed to exhibit spectacularly the growth and grace of the three hundred or more wholesome entrants in the Baby Contest and provide a delightful time to a period which is of intense seriousness and importance to both mothers and babies. For it is in the Babies' Health Contest, instituted at the Kentucky State Fair in 1905, that babies between twelve and thirty-six months receive an examination and scoring of vast importance to the future physical welfare of the child. The babies are classed and scored on the same scientific basis that carefully bred stock is handled, and they are gone over from head to foot by experts in eye, ear, throat, lung, brain and general practice lines in a manner which leaves nothing undiscovered in regard to the little one's physical condition, the points needing correction or the fact brought forth that baby is devoid of weakness or blemish. To mothers unacquainted with scientific methods of baby care and to those living in rural districts where such information is difficult and oftentimes impossible to obtain the Babies' Health Contests are valuable beyond measure, as is proved by the fact that in the city of Chicago, statistics show that 11 per cent of the children die, while those looked after scientifically by the Infant Welfare Society have only 3 1/2 per cent. This demonstrates beyond argument that the Babies' Health Contests are educational along lines invaluable to the coming generation, and that all mothers should be provided with the knowledge of how to care for her baby, how to feed it, how to let it sleep, how to dress it, and how to remedy defects.

The Babies' Health Contest this year is under the supervision of Mrs. John L. Woodbury, who has handled it since its original introduction at the Kentucky State Fair in 1915.

The city babies who enter the contest are examined throughout the week prior to the opening of the Fair, September 9, in Kentucky State Fair Headquarters in the Republic Building, and the babies from the rural districts are examined during Fair week in the Babies' Health Contest Building on the grounds. It is after the marking, scoring and tabulating is over that the babies are gathered for the pageant, which displays the charming tots to delightful advantage.

BAND GREAT FEATURE AUTO POLO AT FAIR

Thaviu Has Been Secured By The State Fair Popular Sport For Visitors to Louisville During September

The sixteenth annual Kentucky State Fair to be held in Louisville the week of September 9-14, will boast in Thaviu's Band of forty musicians one of the greatest musical organizations ever appearing at a State Fair. The Thaviu organization is made up of forty splendidly trained musicians who are arrayed in military regalia and accompanying it is a coterie of solo artists of international repute, together with a galaxy of ballet dancers who are said to be terpsichorean wonders and fully up to the coryphoe support of Pavlova, Genes or Ruth St. Denis. Thaviu's Band was one of the sixteen great organizations which played

Thaviu.

at the Panama-Pacific Exposition, and it was the only one commissioned to play a return engagement. As a traveling organization it has visited all the principal cities of the United States and has invariably received a contract for a return engagement.

Thaviu himself is a musician of the widest culture and training and his leadership is demonstrated by the merit of his musicians' performances. His programs are made up of selections appealing to cosmopolitan ideas and are of a kind to delight crowds with tastes as diverse as that of a State Fair.

Something New in Entertainment Line —Is Thrilling and Exciting From Start to Finish.

"Auto Polo" is announced as a star feature of the amusement attractions of the sixteenth annual Kentucky State Fair, to be held in Louisville the week of September 9-14.

This game will be an entire innovation to State Fair visitors, and is heralded as one of the most unique, exciting and absorbing contests ever offered at the Kentucky Fair or any other celebration of like character.

The entertainment consists of a nerve-rattling, wildly exciting battle between polo experts who are mounted in especially constructed automobiles instead of on polo ponies as of yore. Playing the game in addition to making a careening, space-cutting automobile is a proposition calculated to keep spectators on the qui vive, excitement and suspense, and the game in its present form rather tends to make the pony-played polo look like child's play.

The polo contests will take place every night of the Fair in the big \$100,000 Hippodrome Building and every afternoon in front of the race track grandstand.

The game is said to be one which has created a furore in the sporting world, and few can watch the curiously constructed automobiles "turn the tie" at critical periods of the game without themselves immediately by reason of their build, without being on their feet with excitement during the better part of the game.

The great \$10,000 five gaited saddle horse stake which was introduced at the Kentucky State Fair last year and will be a feature of the sixteenth annual Kentucky State Fair this year, focuses the attention of the horse-world on the state. The event consists of a sensational struggle for championship honors among the stallions on Monday night, the mares on Tuesday night and the geldings on Wednesday night, while the grand championship of the world is fought out between mares, stallions and geldings on Saturday night of Fair week.
